**This addendum shall be considered as an integral part of bidding documents, and bidders are instructed to take the following into account when proposing for this project.**

| <u>NO.</u> | <u>QUESTION</u>   | <u>ANSWER</u>   |
|------------|---|---|
| 1.         | Regarding the financial section of "Bid Package 1- Design, Construction and Operation of Upgrades to Wastewater Treatment Plants at Wadi Arab and Central Irbid and a Small Hydropower Station" it is mentioned that the Details of all assets and liabilities current as of <b>January1st, 2011.</b> , does this refer to the period between 2010 and 2011? Or 2011 to 2012? | between 2010 and 2011   |
| 2.         | We understand that the applicant seeking pre-qualification for those bids should have an average turnover more than JOD 15 million per year in the last 5 years. Could you kindly clarify if this average should be calculated and evaluated with the total average for all members of the Joint Venture, Consortium or only for the JV/Consortium Leader or single entity?   | As per item 4, "In the case of Joint Ventures, the evaluation will be carried out for the whole Joint Venture". For a Prime/Sub contractor arrangement, the average turnover shall be for the Prime Contractor only.<br>In case of Joint Venture the evaluation of the technical and financial offers will be conducted according to the percentage of participation in this Joint Venture.   |
| 3.         | Will it be acceptable that we propose names of potential partners at this stage in our prequalification file and later on announce the chosen one?  | -In case the partner is a joint venture or consortium, the name of it must be mentioned with all the details (name, percentage.....etc)and all other details as mentioned in the tender documents, and as mentioned in answer No2 above.<br><br>- In case the partner is subcontractor you can refer to item 4, third paragraph where it says that "for non-Jordanian applicants, the submittal of a declaration to work with a Jordanian company is sufficient to fulfill the requirement under b). A nomination of a specific Jordanian company in the tender is not required." |
